

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

STATE OF MAINE.

TREASURER'S OFFICE,
Augusta, January 28, 1898.

To the Honorable Governor and Executive Council of Maine:

The undersigned, committee appointed under authority of Section 71 of Chapter 2 of the Revised Statutes of the State of Maine, to examine the accounts of the Treasurer of State, ask leave to report that they have made a thorough examination in detail of the Treasurer's accounts, for the year ending December 31, 1897, and find them correctly cast, and accompanied by proper vouchers for every item charged in the account.

The Treasurer's accounts of receipts and disbursements of the public money for the year aforesaid, as stated in his report, we find to be correct, and all papers and vouchers relating to the same were properly filed and numbered, and the books neatly and systematically kept.

The amount of cash on hand at the commencement of the fiscal year 1897, was \$203,500.58. There has been received from various sources \$1,749,738.32, making a total of \$1,953,238.90. See Table No. 2.

The expenditures for the year have been \$1,800,888.68, leaving a balance of cash on hand December 31, 1897, \$152,350.22. See Table No. 3.

The bonded indebtedness of the State, January 1, 1898, was \$2,253,000, all bearing interest at three per cent., except \$118,300 of bonds issued to Agricultural College under provisions of Chapter 266, Resolves of 1889, which bear interest at five per cent.; \$100,000 of bonds issued to Agricultural College under provisions of Chapter 105, Resolves of 1887, and

\$50,000 of bonds issued to Maine Insane Hospital under provisions of Chapter 70, Resolves of 1887, which bear interest at four per cent.; and \$700 of bonds due since October 1, 1889, and not presented for payment, which bear no interest.

In addition to this amount, there is an outstanding temporary loan of \$200,000, bearing interest at three and one-fourth per cent.

During the past year, \$50,000 of the bonded indebtedness of the State has matured, and the bonds have been redeemed; and \$250,000 of Registered Bonds have been received and cancelled by the Treasurer and new Registered Bonds issued therefor.

The committee, as required by law, destroyed by burning, in the presence of the State Treasurer, the State of Maine bonds redeemed as aforesaid, amounting to the sum of \$50,000, and in like manner destroyed the Registered Bonds received and cancelled as aforesaid, amounting to the said sum of \$250,000.

The trust funds deposited in the State Treasury by certain insurance companies doing business in the State, as required by law, for the protection of their policy and certificate holders, were examined and counted and found to agree in character and amount with statement of the same as set forth in the Treasurer's report. See Table No. 9.

The committee desires to acknowledge the valuable assistance rendered, and the many courtesies extended by the Treasurer and his efficient clerks, in affording every facility necessary to the thorough discharge of its official duty.

Respectfully submitted,
